

Note: Allocations for districts in this report are based on preliminary estimated 2014 census information from the U.S. Department of Education. These estimates do not include counts for foster children, neglected children, or children in families receiving TANF funds; in most cases, the inclusion of these counts at a later date will cause poverty percentages to increase slightly. Public school academies' equated census data are based on 2015-16 in this report. These estimated allocations will change once final data are available.
